AmCham Mongolia plants 200 trees at the National Garden Park during Service Day 2022

ULAANBAATAR, Mongolia - American Chamber of Commerce in Mongolia (AmCham Mongolia) On the morning of May 14, 2022, 80 members representing member organizations and sponsoring companies planted 100 maple trees and 100 crabapple trees in the National Garden Park in accordance to the technical specifications and handed over to the garden technicians.

The event was organized by AmCham Mongolia's Corporate Social Responsibility Committee (CSR Committee) with the help of our sponsors, including Faro Foundation, Monpolymet Group, MSM Group, and Thiess. Thank you for your dedication and support in making our community greener and preserving the environment.

The technicians of the National Garden Park will provide care and maintenance of the new trees for 36 months (or three years) from the date of planting the maple and crabapple saplings; this period is critical for the future growth and strength of the individual trees. We are pleased to inform our members that the trees are safe and that our initiative was well received.

Thank you to all the members and sponsors who supported us, and continue protecting our environment and earth.

About AmCham Mongolia

The American Chamber of Commerce (AmCham) in Mongolia is an independent membership-driven organization that seeks to build, strengthen, and protect business between the United States and Mongolia, and actively promote Mongolia as a destination for American investment. AmCham Mongolia is accredited by the U.S. Chamber of Commerce as its official affiliate in Mongolia. Based in Washington, D.C., the U.S. Chamber of Commerce is the largest federation in the world, with over 3 million members.
